

Remote Ticket Entry

The screenshot shows a web browser window titled "MISS DIG Ticket Entry" with a Mozilla Firefox address bar. The page has a blue header with navigation buttons: "Inquire", "New", "Last 50", and "Log out". The user is logged in as "WEBLSTEPHANIE (WEBL)". The main content area is divided into several sections: "Caller Information" with fields for Phone, Caller, Company, Address, Zip, City, MI, and Caller Type; "Location Information" with fields for County, Place, Subd, Street, and 1" X 81 Dr; "Mapping" with a map area and search controls; and "Begin Time" with fields for Begin Date, Time, and Good Thru. There are also sections for "Additional Questions" and "Member Information".

What is RTE?

Remote Ticket Entry, or RTE, is a FREE program offered by MISS DIG 811 to excavators who place a wide variety of locate requests that may or may not be confined to a single address.

The RTE Program allows you to input your locate info, map the work location, and then immediately receive a ticket number. You will no longer have to wait on hold or be limited to a certain amount of tickets per call.

How do I sign up?

If you believe that you or your company would benefit from having an RTE account and training to place your own locate request, please fill out an application on our website.
